The figures quoted are the marks that were the lowest, in that particular year, to achieve entry under the Academic and Music Criteria.

They are not pass marks or marks that must be achieved in order to gain an offer of a place at Watford Grammar School for Boys.

You can compare your son's test score to this data. Each South West Herts consortium school will publish similar data.

Please note that, even if your son has scored higher than previous year's test marks, it does not automatically mean that he will be offered a place here as we do not know how many people are going to apply with a higher test score than your son.

The same principal applies to community places under criteria 2 which are offered to applicants living closest to the school, who would not be offered a place under any other criteria. Again, we have given the farthest distance offered under criteria 2 in the past 3 years, however, in any given year we do not know how many applicants are living nearer than you and therefore there is no guarantee of being allocated a place, even if you live nearer than these historical distances.
