

Pupil times for second lateral flow device testing – Thursday 11th and Friday 12th March

Note:

- These are by form – if you are in a lesson, you should ask the teacher to leave a few minutes early to arrive at the Sports Hall testing centre at these times (not before or after) as we will be testing multiple students at the same time.
- Please look carefully for your timing – your form may be at a different time to others in the Year group to accommodate various school activities.
- The testing process is expected to take no longer than 15 minutes and then you must return to the lesson/form time/break or study period in accordance with your normal school timetable. On this occasion, you do not need to wait 30 minutes before returning to the rest of the school.
- Timings for your third test will be confirmed later this week.
- Students who have been attending school during the second lockdown join the rest of their forms for this testing.
